October 23rd, 2019

Dear Friends and Neighbors:

I would like to extend my warmest congratulations to Urban Health Plan for their 45th anniversary of providing outstanding and quality healthcare to the communities of Corona, Queens, the South Bronx, and Central Harlem.

Since its creation in 1974, Urban Health Plan has provided healthcare services for hundreds of thousands of people, and has improved the quality of life for millions of New Yorkers. Their selfless and infinite dedication to our community cannot be overlooked. We deeply appreciate the work of Dr. Richard Izquierdo and his excellent staff, and we look forward to continue working with Urban Health Plan over the coming years.

Best Regards,

Catalina Cruz, Esq
New York State Assemblywoman
District 39
