Urban Health Plan  
960 Southern Boulevard  
Bronx, New York 10459

Tonight we celebrate forty-five years of incredible achievement from Urban Health Plan. An institution with a long history of serving the residents of the Bronx, Urban Health Plan has helped to improve the health of communities by providing affordable and quality healthcare to those who need it most.

From its very inception, Urban Health Plan, set out to offer much more than healthcare to communities by carrying out the vision of its founder, Dr. Richard Izquierdo.

Dr. Izquierdo sought to develop Urban Health Plan into an influential community partner through innovative approaches. Assisting with community events, screenings for children, and many other contributions throughout the years. After forty-five years of hard work and dedication, we can truly look back and marvel at the accomplishments.

I am proud of Urban Health Plan and its vibrant history. I wish to congratulate all who are a part of this organization and look forward to many more years of servicing the Bronx.

Sincerely,

---

Rev. Ruben Diaz, Sr.  
Council Member, 18<sup>th</sup> District Bronx
