Dear Friends:

I am delighted to offer a warm welcome to everyone who has gathered to celebrate Urban Health Plan's 45th Anniversary and the 90th Birthday of its founder, Dr. Richard Izquierdo. Please accept my best wishes as you mark these very special milestones.

Established in 1974, Urban Health Plan actively works to provide comprehensive and affordable primary and specialty health care services to the Bronx, Central Harlem, and Queens communities. By embracing a mission of putting people first, UHP treats staff and patients with respect and dignity, strives to achieve the highest standards of care, embraces innovation and new technologies, and offers a holistic approach that is compassionate and available to people from all walks of life. In doing so, UHP is improving the health of communities and their quality of life. I commend UHP for their dedication to fostering healthy and vibrant communities throughout New York City.

Let me also take this opportunity to recognize tonight's honorees: New York State Human Rights Commissioner Angela Fernandez, EClinicalWorks, and Montefiore Medical Center. Without question, this distinguished group embodies UHP's passion for providing unparalleled care.

Once again, congratulations on this year's celebrations and Happy Birthday, Dr. Izquierdo. I am sure it will be a most enjoyable evening. I wish Urban Health Plan much continued success in the future.

Sincerely,
