Dear Friends,

It is my pleasure to extend best wishes to all attending Urban Health Plan's 45th Anniversary Gala.

For forty-five years, Urban Health Plan (UHP) has done outstanding work to serve the healthcare needs of thousands of New Yorkers across the five boroughs. With over a dozen health centers, school-based clinics, and mobile sites, UHP expands access to affordable primary and specialty care to thousands in the South Bronx, Corona, and Central Harlem. From providing health education and youth programs to offering senior care and innovative healthcare services, UHP connects residents to the comprehensive care they need. I am confident these efforts to support the health and wellness of our City will make a positive impact for years to come.

Congratulations to tonight's honorees, Angela Fernandez, EClinicalWorks, and the Montefiore Medical Center. Their commitment to Urban Health Plan's mission is evident in all they do.

Thank you to Urban Health Plan and the Foundation of Urban Health and Well Being for bringing us together tonight to celebrate community and service. Please accept my best wishes for continued success.

Sincerely,
